Seasonal updates and information for the residents of Appleby, Santon & Clapp Gate area

St Bartholomew's

Introducing Friends of Appleby

Revd Alice Nunn

I am delighted to see Erika's contribution to this newsletter and am pleased that an Appleby Friends group is now being set up. I note that it is not only in support of St Bartholomew's Church, but also has a wider brief across the community.

As doubtless you are aware it still costs a lot to maintain this lovely historic building, even though at present we haven't got a Churchwarden or PCC. We are making every effort to ensure that services continue to be held here and are always ready to welcome you to YOUR parish church.

I look forward to hearing more from this group and hope to be able to support its activities, and hope that some of the activities will take place in St Bartholomew's.

May I mention to you the exhibition that will be taking place in Church on Appleby's Forties Day. I know the committee are hoping to have displays at least as good as they were last year! All will be most welcome.

All good wishes Alice The Vicar

Friends of Appleby

Erika Stoddart ~

St Bartholomew's Church in Appleby is in need of some TLC. We are setting up a charitable Friends Group to help with this. The Friends group will not be limited to raising funds for the church, but this will be its main focus. We are just going through registration at present.

This will be a membership organisation so if you live or work in the parish or have an association with the parish then you will be most welcome to join. It's free!

We need ideas for fundraising so if you have any, then please get in touch. We are looking for people to support events or hold an event themselves.

If you want to help the church but don't want to fundraise there are a number of ways that you can do this. We are looking for volunteers to help cut the grass along side Terry who does such a sterling job. We are also looking for volunteers who could give the church a bit of a clean from time to time. You may want to give a gift or an annual donation to the church directly and we can help to facilitate this.

Thanks to Alan Palmer, Derek Hall, John Yolland and John Jeremiah who have agreed to be trustees.

Please contact me if you want to know more at erikaj.stoddart@btinternet.com or 01724 732052

Parish Council Keeping You Informed

Councillor Ivor Keyes

Chairman Appleby Parish Council

The Local Elections are now long gone but for information your Parish Councillors, who are all volunteers, remain as:

- Terry Beisty
- Alan Coulton
- Derek Hall
- Ian Hook
- Paul Johnson
- Ivor Keyes
- Lisa Wilson
- Rick Wilson

Our Ward Councillors remain as Holly Mumby-Croft and Ivan Glover. Lynne Watson continues as Parish Clerk of course as our sole employee. Contact details can be found on our Council website.

Conservation Area We asked NLC Conservation Officer Eddie Rychlak, and NLC Planner Andrew Law to give a presentation to Parish Council at our June meeting as we are sometimes asked questions regarding development and are required to make comments on Planning Applications. The notes from the meeting are contained in a pullout section (pages 3 to 6) of this newsletter. Councillors are not trained Planners and we hope the article is also of use to residents.

HGVs Due to the situation at British Steel their representatives for, the traffic meetings relating to Santon and Appleby have been cancelled until a later date. However we have had further recent incidents on Ermine Street which the Parish council needs to discuss

Our Neighbourhood Plan was approved by North Lincs Council Planning Committee on 5th June and now any decisions by North Lincs Council Planners and the Planning Committee on Planning Applications for our Parish must take the Plan into account. Our Parish Council will, and has used, the Plan, as our guide when determining our responses to Planning Applications. As previously mentioned, Appleby is the first Council in North Lincolnshire to have a Neighbourhood Plan.

Some of the team of eight volunteers who developed the Neighbourhood Plan meeting the Parish councillors on completion of their four years work

Fayre Day had the weather to contend with this year and in the circumstances was still well attended, many of our residents made a great effort to help with the setting up, running and clearing of the Fayre which provides much needed financial help towards the maintenance and running of Village Hall, which is the hub of the Community.

What may not be known is that local farmers cut the grass in the paddock that is used for parking. Tom Ogg of Winteringham took care of that this year, despite the atrocious weather running up to the day, which prevented the clearing of the hay, which was also lost as feed stock.

Best Kept Village judging will be carried out towards the middle/end of July. As usual we have stocked up the planters around Appleby Village as well as the rest of the Parish, which includes the replacement of the last two older ones, and we'd be grateful if the same people that did such a great job of watering the planters throughout last year can do the same again this year. The Village always looks good and residents are justifiably proud of how their gardens and hedges look. The verges around the village are largely the responsibility of North Lincs Council, which is restricted regarding what can be done by funding, and so any help on frontages will only improve the appearance too.

The Village Hall café morning continues to thrive and is also used by ONGO and our Community Police to meet with residents. Any help in setting up and making teas and coffees each Wednesday morning between 10:30 and 12 noon would be appreciated.

Appleby Village Fayre 16th June

Robin Richbell
Appleby Fayre
Organiser

At one week to go, you would have said it's not going to happen, rain thunderstorms, flooding in Wainfleet. What a week that was!

The last four days prior we had cancellations from our Lincs Wings a group of Honda Wings motorcycle display with potentially 20 machines, they were not happy on wet grass.

One day to go and the Ruby Twirlstars cancelled the arena dance, again claiming it's too wet for us, risk of injury.

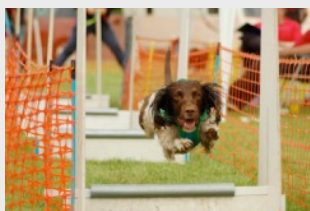

The attending arena events performed on dry grass and good condition ground. Martyn from Cutting Edge managed to get the grass on the walkways cut on the Wednesday prior and the arena was a length okay for our performers. The Bollywood dancers performed somersaults safely and gave us a colourful display. The Twin Tigers were performing martial arts and the Flyball team had very happy doggies jumping the barriers and completing a good competitive course.

Our Stallholders all arrived in the morning surprised the condition of the ground was good after all the rain. We had our plant man break down so four empty stalls and two charities Lyndsey Lodge and Bosum Buddies could not get enough volunteers to man the units so we hope to see them back for next year. Our Wedding outdoor events team had a sad loss of a Father pre-event on Father's day which we sent our condolences to.

Although we did not expect the large Steam Roller to attend it did and coped well with the ground it did not sink and with the Vintage Tractors and classic cars, gave us a great on arena parade.

This event could not go ahead without all our village volunteers. I thank you for your turnout on Saturday and Sunday. We can always do with more so if you fancy helping us out next year 2020 then you will be most welcome.

The date for next years event will again be Father's Day Sunday 21st June 2020 this is provisional as it moves a week forward. We will confirm this as soon as possible.

I hope you enjoyed the Fayre which is for the benefit of the Village Hall and all its year round users.

Keep the Village Fayre going that is our commitment to you all. Thank you for all the helpers and volunteers and let's look forward to a dry and brighter show for 2020.

Village Hall

Craig Johnsen
Chair Village Hall Committee

Well, the year continues to storm on by and what an awesome six months it's been in the village, even if the weather's been a bit hit and miss. For the village hall committee it's been a busy one... we've stuck to our commitment to deliver one event a month, this on top of the annual fayre day just gone by has been a big push from the committee and all our wonderful helpers and volunteers... but most of all the support from the village as a whole, our neighbours, and networks of families and friends has been amazing.

On top of this we've been driving an aggressive agenda of service & maintenance, having to also react unfortunately to a number of urgent necessary repairs whilst preparing also for our next major renovations. Keeping the building in a fit state still remains a big challenge, not least financially... with some large bills already under our belt this year, which means all your support & kind donations goes a long way... So a big thank you as always.

The support we've had, has really been awesome and it has been great to see so many of you at all of our events... hopefully we've hit the right balance of variety and old favourites... on that note... so what have we been up to in case you missed it (where have you been!) ...

Well, we started with the rural touring act Climb That Tree. David Gibb's and his awesome interactive family show was a delight and got the audience young and old clapping along to his catching children's tunes. We then followed this up with another family event, our Easter Eggravaganza, I apologise for my shameless appalling pun, but this craftastic event full of glitter, glue and of course chocolate was great fun. With a special huge thanks to Jamara & Sweet On Jam Cakery for her kind cake donations that went down storm.

After all the family fun we turned up the dial for a night of music and dancing with the sold out 'Perfect 2', Beautiful South Tribute Act & Pub Night. What a night, that lasted long into the evening and got everyone signing along. Swiftly after came a twist on our usual Quiz Night with a special music edition, but created the usual friendly competitiveness.

Then finally after months of planning came our annual Fayre Day, as referenced at our last AGM this event is vital to our fundraising efforts and allows us to keep our letting costs low and support the large running costs of the building and field. This year the weather brought a number of challenges but it did not dampen spirits. From my vantage point on the bbq, it looked like everyone was having a great time and the acts went down a storm. It's a credit to everyone involved, and I won't mention names as I'll always miss someone, so again a massive thanks from the whole committee. We did try a few subtle changes this year, some that worked and others that didn't, but we're always interested in feedback so we can continue to evolve the event so do let us know via email or just grab one of us for a chat.

Finally I want to mention the community Café again, that happens each week on Wednesday, which is going from strength to strength and that Jenny has been doing the rounds again for our 100 club draw, with monthly prizes of £50, £20 & £10 (and a special draw in December), do give her a shout if you don't have a number.

So again I've rambled on enough but honestly thank you for continued support, it's what we do it for. I hope to see you at event soon, we have plenty in the pipeline (although we will have a little break during summer) with The Moggies & the Rural Touring group bringing some top entertainment to Appleby to name a few. As always if you have any questions, ideas, feedback on any events, want to join the committee or want to book the hall just email the committee on applebyvillagehall@gmail.com.

Appleby Parish Council

Conservation Update 10 June 2019

The following was presented to Appleby Parish Council by
 Eddie Rychlak NLC Conservation Officer
 Andrew Law NLC Planner

The Appleby conservation area was designated in 1972 and at the same time an Article 4 Direction was placed on the area which removes certain permitted development rights (rights to carry out works without the need for planning permission). This Article 4 Direction relates to residential properties only.

In 2005, after the Conservation areas was appraised and re-assessed, the Appleby Conservation Area was extended to encompass most of the whole of the historical village envelope. The new extension included the early street pattern with many historical properties as well as some sympathetically designed new build properties. This area is NOT covered by an Article 4 Direction.

In the original conservation area (covered by the Article 4 Direction) planning permission is required for the following works that would not normally require consent:

- Extensions to residential properties
- Changing windows and doors
- New external facing materials
- Changing roofing materials
- The erection of a porch outside any external door

The construction of a hard standing within the curtilage of a dwelling house.

Information regarding the need for planning permission is also available via the interactive house on the planning portal website via the following link: <https://interactive.planningportal.co.uk/>.

Alternatively the council operates a paid permitted development enquiry service, the details of which can be found on the council website at the following web address:

<https://www.northlincs.gov.uk/planning-and-environment/planning/do-i-need-planning-permission/>

Assessment

The planning system is a plan led system and all applications must be determined in accordance with the adopted local development plan for the area unless other material considerations indicate otherwise. Therefore, all planning applications are reviewed against the relevant development plan policies and, in respect of development proposals within conservation areas, this will include the policies identified below.

The Development Plan for North Lincolnshire currently comprises the North Lincolnshire Local Plan 2003, the North Lincolnshire Core Strategy 2011, the Housing and Employment Land Allocations Development Plan Document 2016 and Neighbourhood Plans produced for specific settlements and Parishes.

Further to the above, it is important to note that all planning applications must be determined on their own individual merits and that development may be considered acceptable on one site, whilst the same (or similar) development is deemed unacceptable on other sites.

Town and Parish Council's play an important role in the determination of planning applications by representing the local community and providing a source of local knowledge that may not otherwise be available to the local planning authority. It is important that if the Town/Parish council either

Support or object to a planning application that clear reasons for doing so are provided. These reasons should be based on the relevant policies of the development plan and other material planning considerations.

A case officer will be appointed to process each planning application and this officer will be able to provide further advice about specific cases should this be required.

Continued on Page 4

Do I need planning permission?

Some guide lines that may help

Are you planning to extend or carry out work to your home? Before you start with your proposed works you should check and satisfy yourself as to whether or not planning permission is required.

What is permitted development?

Some minor alterations and extensions, particularly to houses, can often be carried out without the need for planning permission. This is known as permitted development.

The Planning Portal is a national initiative to give advice on planning matters, including permitted development. You can use the Planning Portal to get advice, complete forms, upload plans and other supporting information and pay any required fee. You can also use their Interactive House tool to find out if you need planning permission for the works you want to carry out.

Not sure if you need planning permission there visit:

www.northlincs.gov.uk/planning-and-environment/planning/do-i-need-planning-permission/

The site has further link to an interactive planning portal *The Planning Interactive House* www.interactive.planningportal.co.uk

Alternatively, you can complete a **Permitted Development Enquiry form** which can be downloaded in a PDF format [1Mb] and return to the NLC Planning Department with the appropriate fee.

A Schedule of fees for pre-application enquiries can be downloaded in a PDF format from the same site mentioned above.

The fees are in line with the Governments' regulations which came into place in January 2018.

If you submit a Permitted Development Enquiry form NLC will assess and let you know in writing whether or not you need planning permission.

Where planning permission is required, NLC recommend that you obtain advice from them before submitting your application. This enables you find out whether the council is likely to support your proposal, before you commit to any further expense.

By seeking advice it facilitates the opportunity to work with them to reduce any likelihood for the need to change your proposal once a formal application has been submitted and avoid a delay in receiving a decision.

It is your responsibility to seek planning permission. If required, planning permission and building regulation approval should be granted before work begins

Need to report a problem to North Lincolnshire Council?

Use North Lincs Council Portal.

For those of you with internet access you can report problems (a sample of some are listed below) through North Lincs Council Portal, website www.northlincs.gov.uk then follow the report links to the specific department of concern. It save considerable time in getting issues resolved.

If you don't have an internet connection reports can be made via phone on 01724 297000

Some of the many issues that can be reported through the portal are:

- Road Surface
- Street lighting
- Pavements
- Mud on roads
- Pot holes
- Near miss on our roads
- Pedestrian crossings
- Statutory nuisance noise etc
- Alleged breach of planning control
- Waste and problems with gardens
- Street Care and cleaning
- Litter and Fly Tipping
- Drains and gullies
- Traffic Lights,
- Traffic signs, road markings and road studs
- Dog Waste bins
- Bonfires Smoke
- Pest Control

Reporting through the Parish Council is obviously still available and can be done by raising it at a PC's meetings or by contacting the PC Clerk Lynne Watson on e-mail clerk@applebypc.org.uk or by letter to 1 Orb Lane, Scunthorpe DN15 8QY.

Relevant Policy

The key overarching duty imposed by national legislation is that development in conservation areas should 'preserve and enhance the character of the conservation area'. This is set out in Section 72 of the Planning (Listed Buildings and Conservation Areas) Act 1990 and is reinforced through local planning policies and guidance documents.

The key local Development Plan Policy in this regard is currently policy HE2 (Development in Conservation Areas) of the North Lincolnshire Local Plan 2003, which sets out requirements for all development proposals in conservation areas; and policy AP13 of the Appleby Parish Neighbourhood Plan, which sets out requirements specific to the Appleby Conservation Area.

Further guidance regarding the Appleby conservation area is set out in the "Appleby Conservation Area Appraisal" and the "Appleby Village Design Statement" documents.

These local policies and guidance documents can be accessed via the council's website at the following web address: <https://www.northlincs.gov.uk/planning-and-environment/planning-policy/>.

National planning policy is also a material consideration in the determination of planning applications and the relevant requirements in respect of development in conservation areas can be found in Chapter 16 (Conserving and enhancing the historic environment) of the National Planning Policy Framework (NPPF) 2019. This document can be accessed at: https://assets.publishing.service.gov.uk/government/uploads/system/uploads/attachment_data/file/807247/NPPF_Feb_2019_revised.pdf.

It is therefor advisable for all Appleby Parish and specifically Appleby village residents to seek initial planning advice prior to submission of a Planning Application to avoid possible disappointment and expense.

Appleby Conservation Area details are shown on the area map opposite

Particulars of Listed Buildings are shown below whilst those Buildings of Townscape Merit are detailed on page 6

Listed Buildings All buildings are Grade II except St Bartholomew's Church, which is Grade II*

Appleby 40s Festival 20th July

Joanne Drury

Oh, so much has been going on behind the scenes with The Land Girls and the Appleby Home Front (AHF) since our last post in the Newsletter. Quietly confident we have everything in place to bring to you a truly wonderful day. Our sole aim has only ever been to ensure that you go home with many wonderful, happy memories, even perhaps new friends, but always that you leave with a smile.

From mid June you may have seen our marvellous banners going up around Scunthorpe, and beyond... Leaflets have been posted through your post boxes, with more still to send out. Posters are popping up in local shops, pubs and businesses... even two of our very own Land Girls, Bunty and JJ were interviewed on Radio Humberside.

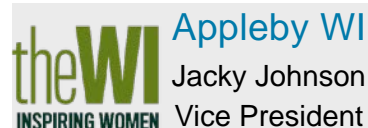

This new update also brings our Applebeans a mission... Mission Village Scarecrow! A few are being created by your Land Girls and the AHF, and will be part of the exciting Treasure Hunt on Festival Day – the clues will be found in our programme, so make sure you purchase one on the day if you fancy having a go! In honour of The Appleby Little Picture House, located in our lovely Village Hall this year, our main theme for the Scarecrows will be Films of the 1940s, we already have great Scarecrows being created in the style of The Wizard of Oz; Pinocchio; Snow White and the Seven Dwarves; Peter Pan; Mary Poppins; Bed-knobs & Broomsticks; Laurel and Hardy to name but a few... but we would LOVE that you might create a scarecrow for outside the front of your homes too, it doesn't have to be film related, it can just be styled slightly vintage or 1940s... let your imagination run wild. Well, maybe not too wild!

Your Land Girls and AHF challenge you not to be slightly excited in anticipation for what will be a supercalifragilisticexpialidocious day for one and all... see you all there! TTFN

Please follow us on FaceBook for regular updates, full details of foodies and little pictures of our lovely vendors and exhibitors coming along on the day. You can also buy your tickets through our FaceBook page, direct on EventBrite, or contact Jane "JJ" Smith 07716 666596 or email her at applebyhomefronttreasury@gmail.com, and they can get these tickets to you... if you don't get round to any of those methods of purchase, bring your pennies and simply buy on the gate! ! Easy peasy!

<https://www.facebook.com/applebyhomefront/>

<https://www.eventbrite.co.uk/e/appleby-1940s-festival-2019-tickets-55838769262>

The April meeting was a fish and chip supper and our yearly AGM. Fish and chips were excellent. We then announced our new committee and then from the committee a president is voted for. Sheila Rhodes is our new President.

Sheila has been our president previously so is very experienced in this role. Thank you to Wendy Marshall for her role as President the last two years. At this meeting we briefly discuss resolutions all WIs vote on. One being rural transport and another being women's health problems. At the moment Rural transport is in the lead and lack of this can lead to people not socialising and obviously creating other problems health wise. The meeting closed with a raffle.

The May meeting was opened by Sheila our new President and then Sheila introduced Ellie Davis from the Shoebox appeal. For those of you who are unaware this appeal collect items for children in places like Romania. This is now a world wide appeal and in October Ellie and her band of volunteers load up a huge container. The donations of pencils, crayons, soap, flannels, beads made into jewellery for the girls, toys and the list goes on. Ellie has been to a small village in Mexico which is rife with drug barons and little ones are living in the street. There is so much to tell you however not enough space. Thank you to people like Ellie. Meeting finished with refreshments and raffle.

June Meeting: We had Frank Tett visit us to talk about rescuing hedgehogs. Frank became involved in hedgehog rescue because his neighbour found two abandoned babies on her lawn. This escalated to rescuing lots more and nurturing them into adult healthy hogs. They are becoming extinct and Frank is also involved in taking hogs to other parts of the country trying to establish a growth in their numbers. We also met Spencer who is going to be a 'Super stud hog'. He is very tame and enjoys being handled. Please note. Do not feed mealy worms to hogs. This can cause serious bone problems if the little fellows eat too many. Joints become deformed and so the hogs have to be put to sleep. Big Thanks to Frank and his colleagues for their dedicated care. The meeting finished with tea and raffle.

Please note all our meetings open with brief business and correspondence update and then speakers introduced.

That's it for now everyone. Ladies if you want a fun entertaining evening come and join us at our Village at 7:30pm every 2nd Tuesday in the month. We will make you most welcome. Enjoy the summer

NEW MEMBERS ARE ALWAYS WELCOME

Community café

Wednesdays 1030am to 12 lunch.

Jacky Johnson ~ Village Hall
Committee Member

Hello everyone. We are still going strong and get a minimum of 20 visitors including Broughton and Santon residents. Please pop in and meet us for a good social chit chat. Ongo visits for those who live in the bungalows and may need advice and we now have a new community police man. He is very helpful and will always listen to any gripes we may have. That's what he is there for. Contact Ivor Keyes who knows when these support workers may be visiting. Also Roger Fernando our neighbourhood watch leader joins us. Not only do we give a warm welcome but offer any support/advice you may need.

Best wishes and hope to see you.

Flower, Presentation and Produce Show is off

It has been confirmed this years' show will not take place. As it stand there will be

no future show unless any volunteers would like to take over the reins?

Haverholme closed

Advinia Healthcare Ltd the owners of Haverholme House Nursing Home recently closed it down. The property is for sale through Christie & Co who are inviting offers.
